

# Humberball

## What is Humberball?

Humberball is a group of local Basketball coaches and enthusiasts from across the Humber sub-region. They have been working together for some time to provide opportunities for young people to play Basketball. Whether it's playing 1v1 with your friend down at the local outdoor court or representing your Country, we just want you to play all!

## Humberball's aims:

Humberball aims to increase participation in basketball throughout the sub-region at all levels of the basketball continuum from grass roots through to high level National League. It aims to ensure that all people, irrespective of race, gender, ability, ethnic origin, social status have equal opportunities to take part in basketball at all levels.

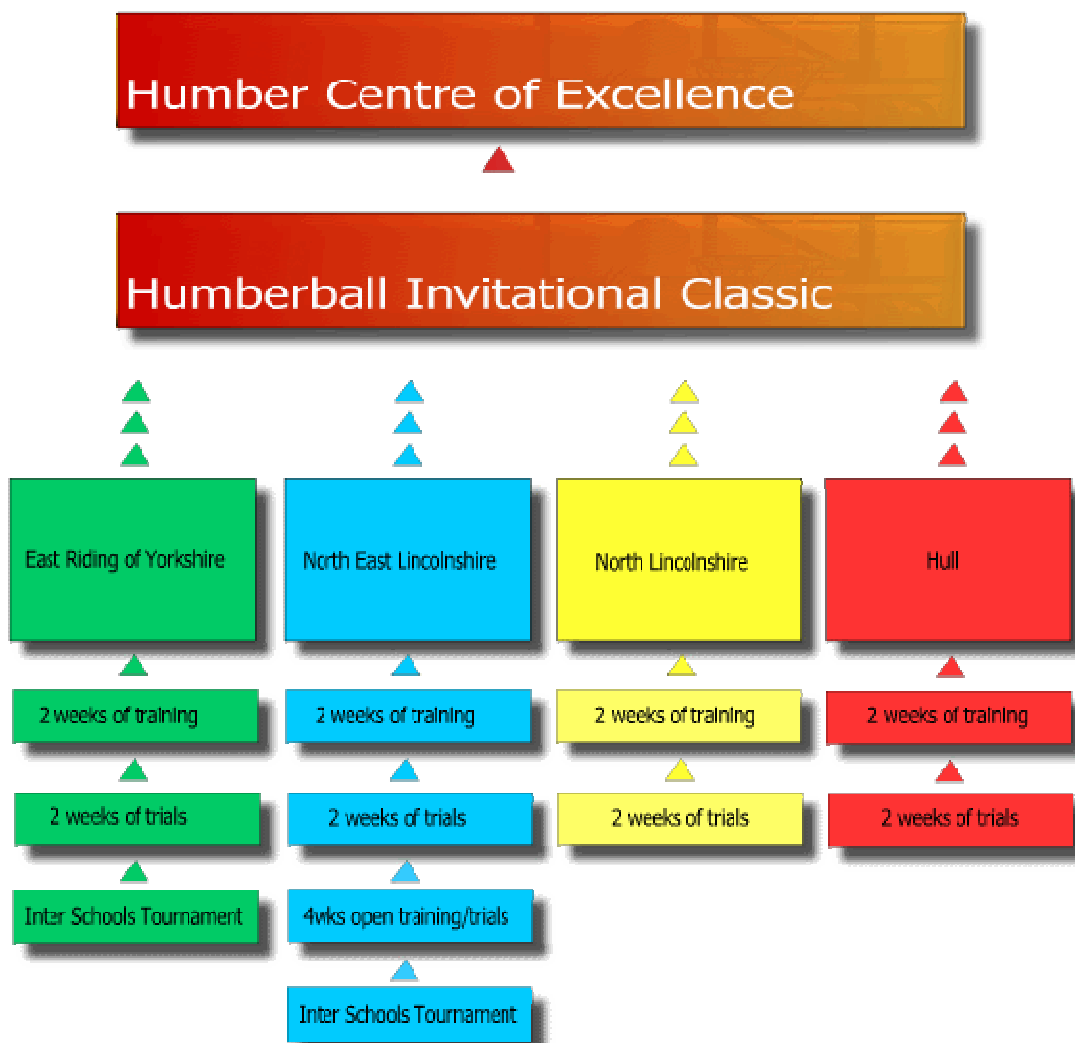

## What Humberball promote:

We endeavour to promote fairness, discipline, friendship, fair play, respect and confidence. Increasing quality of life by providing a constructive alternative to anti social behaviour such as drugs & alcohol abuse, for the local youth living in disadvantaged areas. Providing positive role models from interaction with coaches and other young basketball players
